Highschool Education   *Barabanki, UP*

Skills

Technical Skills: HTML, CSS, JavaScript, Programming Languages: C, Java, Understanding of OOPs
Developer Tool: VS Code
Soft Skills: Effective Communication, Team Collaboration, Time Management, Volunteering

Projects

Personal Portfolio Website | *HTML, CSS, JavaScript*
- I designed and developed a personal portfolio website to showcase my projects,skills, and professional background.
- This portfolio website features a visually appealing layout that highlights key achievements and capabilities.
- I integrated a contact form to facilitate communication with potential employers and clients.
- This project also utilized HTML, CSS, and JavaScript to create a robust and dynamic online portfolio.

Photography Website |*HTML, CSS*
- Developed a professional photography website for a client, which showcases their portfolio in user-friendly manner.
- This project involved creating an intuitive interface implementing a responsive design to ensure seamless viewing across various devices
- The website featured navigation and high-quality image displays, significantly improving the overall user experience.

Animated Website | *HTML,CSS, JavaScript, GSAP*
- Developed two clone websites, one for Cynthia Ugwu and another for a golf website, both incorporating animations to enhance visual appeal and user engagement.
- The Cynthia Ugwu clone successfully replicated the design and functionality of the original site, while the golf website clone mirrored the original's features with dynamic animations.
- These projects focused on delivering an interactive user experience and ensuring cross-browser compatibility and responsiveness.

Extracurricular

Google Developer Students Club
Member   *Dr. Ram Manohar Lohia Awadh University*
- Collaborated with core members and speakers to organize and manage various technical sessions.
- Enhanced my leadership and teamwork skills by actively participating in GDSC activities, fostering a vibrant and supportive learning community.
